

Features

- Capable of Transmitter radiated power testing and Receiver sensitivity testing
- Wide bandwidth design for 5G FR1, 4G LTE, WLAN, Bluetooth, Z-wave, Zigbee application
- Compact size for compact shielding box

Specifications

Model B

Operating Frequency	2 GHz~7.2 GHz
VSWR	2.5:1
Polarization	Vertical
Impedance	50 Ohm
Dimension	L80mm x W70mm, thickness=0.8mm
RF Connector	SMA-F

Dimension
